1. FACULTY LEADERSHIP & ACADEMIC STRUCTURE

- Professor & Associate Dean: Dr. Balasundaram R (30+ Years Teaching & Research Experience).
- School of Computing: Computing, Artificial Intelligence, Data Science, and Cyber Security.
- School of Electrical & Electronics: ECE, VLSI Design, IoT, 5G Wireless, and Robotics.
- School of Biosciences: Biotechnology and Food Technology.
- School of Mechanical Engineering: CAD/CAM, Automation, and Electric Vehicles (EV).

2. DISTINGUISHED HEADS OF DEPARTMENTS (HODs)

- HoD Computer Science and Engineering (CSE): Dr. S. Kanaga Suba Raja (Professor & HoD).
- HoD Cyber Security: Dr. R. Deebalakshmi (Associate Professor & HoD).
- HoD AI & ML / Assistant Dean (Research): Dr. R. Balaji Ganesh.
- HoD Artificial Intelligence: Dr. S. Shanmuga Priya.
- HoD Big Data Analytics & Data Science: Dr. Yuvaraj Duraisamy.
- HoD Information Technology (IT): Dr. Jubilant J. Kizhakkethottam (Professor & HoD).
- HoD Computer Science & Business Systems (CSBS): Dr. E. Mohanraj (Professor & HoD).
- HoD Electronics & Communication (ECE): Dr. P. Murugapandiyan (Professor & HoD).
- HoD ECE Data Science: Dr. Rajasekar R | HoD EEE: Dr. Dheepanchakkravarthy A.
- HoD Biotechnology: Dr. S. Hemanth Phani Kumar | HoD Food Tech: Dr. M. Maria Leena.

1. APPLE iMAC APP DEVELOPMENT CENTER OF EXCELLENCE

- Established directly with Apple Inc., equipped with Apple iMacs, MacBooks, Xcode, and Swift.
- Training covers iOS/iPadOS app development, mobile architecture, and official Apple certifications.

2. AUGMENTED & VIRTUAL REALITY (AR/VR) LAB

- Immersive computing lab with modern VR/AR headsets and spatial tracking systems.
- Applications in medical anatomy simulations, virtual surgical training, gaming, and industrial digital twins.

3. FORTINET CYBER SECURITY INDUSTRY LABORATORY

- Equipped with FortiGate Next-Gen Firewalls, FortiAnalyzer, FortiManager, and FortiSIEM.
- Hands-on threat intelligence, Security Operations Center (SOC) monitoring, and network defense.

4. NVIDIA GPU LABS & CISCO ACADEMY

- High-performance NVIDIA GPU clusters for Deep Learning, Neural Networks, Computer Vision, and NLP.
- Cisco Networking Academy for enterprise routing, switching, and cloud infrastructure.

5. STUDENT CLUBS & HACKATHONS

- Active ACM and IEEE Student Chapters for student research papers and technical symposia.
- Annual FLABS Internal Hackathon fostering product prototyping and startup innovation.
- Capture the Flag (CTF) Ethical Hacking Competitions organized by the Cyber Security department.
